

Clems Branch Wastewater System Improvement Project

December 3rd, 2019 Neighborhood Update

Charlotte Water (CLTWater) and contractor RH Price Inc. are nearing completion of pipe installation in Providence Pointe Neighborhood. Drivers are detoured onto Chesley while crews complete work on Prescott Hill Avenue (between Chesley Drive and Springwell Street) during the next two weeks.

NEXT STEPS (weather permitting)

- On Wednesday, December 4th and Friday, December 6th, crews will install a lining inside a portion of the force main.
 - Expect to continue to see crews working on Prescott Hill Avenue near Caraway Woods Court and McAllister Park Drive.
 - Crews, pumps and other equipment may be active 24-hours a day during the installation process.
 - In effort to expeditiously complete the liner installation crews anticipate working through this weekend.
 - Crews will use scaffolding to assist in installing a sock-like lining inside the force main through excavations in the street.
 - You may notice some odors outside in the immediate area.
 - Street parking may be restricted within the work zone.
 - Project restoration will begin after the liner installation is completed.
